Career Objective: As a passionate and proficient recent graduate in Front-End Development, I wield the magic of HTML, CSS, and JavaScript to craft captivating digital experiences. I embrace the artistry of front-end frameworks, dancing effortlessly between pixels and code to breathe life into visionary designs. A collaborative problem-solver, I thrive in weaving collective brilliance with fellow creators, orchestrating symphonies of user-centric masterpieces.

WORK EXPERIENCE & PROJECT

Algonquin School of Media and Design, Ottawa Canada

May 2023 – August 2023

Front-End Designer:

<https://nitikshas.github.io/IMMWebsite/>

- Developed and launched a responsive website for the Interactive Media Management Course, catering to the specific requirements of the client using HTML and CSS.
- Collaborated with a team of designers and developers to create a visually engaging and user-friendly interface that enhanced the overall user experience.
- Utilized version control systems like Git to efficiently manage and track changes throughout the development process.
- Upheld best practices for web accessibility (WCAG) to make the website inclusive and user-friendly for all users.
- Received positive feedback from both the client and the course instructor for the website's outstanding design and functionality.

Algonquin School of Media and Design, Ottawa Canada

May 2023 – August 2023

Project Lead:

<https://nitikshas.github.io/IMMWebsite/>

- Led and coordinated a team of 4 designers and developers, ensuring seamless collaboration and efficient project execution.
- Conducted regular team meetings, assigned tasks, and monitored progress to ensure project milestones were met on time.
- Demonstrated exceptional problem-solving skills, identifying and resolving issues promptly to maintain project momentum.
- Effectively communicated project updates to stakeholders and clients, ensuring transparency and client satisfaction.
- Oversaw comprehensive testing to guarantee the website's flawless functionality across multiple devices and browsers.
